

Mr. Hossein Dezhakam

Mr. Hossein Dezhakam is the leader of the Congress60 recovery community in Iran. I first met Mr. Hossein Dezhakam in London in 2009 which led to an extended correspondence and our growing friendship. The history of Mr. Dezhakam's work with Congress60 is detailed in an interview posted on this site. The responses to that interview have been quite positive and filled with requests for additional information. As a result, I requested Mr. Dezhakam's permission to translate and post two of his books. With Mr. Dezhakam's gracious approval of my request, the books *Crossing the Zone 60 Degrees Below Zero* and *Love: Fourteen Valleys of Recovery* are now available to a worldwide audience. Special thanks to Mr. Saeed Moeini for his assistance with the translations.
